LogiLink®

RICHTIG VIEL POWER

A LOT OF POWER!

80+ series PC-Netzteil/Power Supply

PA0088 400W

80+ BRONZE Efficiency at 230V

85% minimum efficiency at 50% load

12cm Fan
Whisper quiet 12cm fan brings more airflow volume with less noise than convention.

Honey Comb Structure with the Best Ventilation
Optimum structure for the best ventilation and maximize air flow to solve potential thermal and noise problem. Reduce the air resistance to minimum.

PCI-Express Power Connectors
Provide dedicated +12V for high end dual graphic cards.

Dual + 12V Output Rails
Ensure safe and stable system operation under heavy operation.

Output 24 Pin Cable with Nylon Sleeve
The cable sleeve avoids cable clutter, allows neat and easy installation for an improved airflow.

Patented Easy Swap Connector
Quick and Easy installation.

ErP Compliance
Its standby and off mode wouldn't exceed 0.5W consumption to save energy and maintain sustainable environment.

PA0089 700W

80+ BRONZE Efficiency at 230V

85% minimum efficiency at 50% load

13.5cm Fan
Whisper quiet 13.5cm fan brings more airflow volume with less noise than convention.

Honey Comb Structure with the Best Ventilation
Optimum structure for the best ventilation and maximize air flow to solve potential thermal and noise problem. Reduce the air resistance to minimum.

PCI-Express Power Connectors
Provide dedicated +12V for high end dual graphic cards.

Single + 12V Output Rails
Ensure safe and stable system operation under heavy operation.

Full-Sleeving Cable with Nylon Sleeve
The cable sleeve avoids cable clutter, allows neat and easy installation for an improved airflow.

Patented Easy Swap Connector
Quick and Easy installation.

ErP Compliance
Its standby and off mode wouldn't exceed 0.5W consumption to save energy and maintain sustainable environment.

PA0090 750W

80+ Gold Certification
With 87%~90% extreme high efficiency at 20%~100% of load to reduce the loss of electricity and save your money on facility bill.

Silent Fan
Whisper quiet 13.5 cm fan brings more airflow volume with less noise than convention.

Smart Fan Control
Equipped with "Smart Fan Control" design, which offers two types of operation modes, silent mode and cooling mode. The Astro adjusts fan operation mode automatically according to the system loading as well as the ambient temperature level.

Single +12V Output Rail
Offers maximum compatibility for the +12V demand

Reliable Japanese-Made Main Capacitors
Longer lifespan than electrolytic capacitors.

Reliable Solid-State Capacitors
Enhance your system durability and stability even under extreme conditions.

Long Cable Length
Long cables support the cable management behind motherboard.

Patented Easy Swap Connector
Quick and easy installation.

Easily Detachable and Flexible Flat Modular Cables
Use only the cables you need. Reduce clutter from unused connectors and enhance the air flow inside your system.

ErP Compliance
Its standby and off mode wouldn't exceed 0.5W consumption to save energy and maintain sustainable environment.

PA0088

400W

80+ Bronze **PC-Netzteil/Power Supply**

80+ BRONZE Effizienz, 230 V
85% Wirkungsgrad bei 50% Last
12 cm Lüfter mit Gleitlager
Wabenstruktur für beste Belüftung
Dual +12 V Rail System
PCI-Express-Stromanschlüsse
Patentierter Easy-Swap-Anschluss
24-Pin-Kabel mit Nylonummantelung
Extra lange Kabel für den einfachen Einbau in unterschied. Gehäusen
AC-Eingang: 230 Vrms, 6,3 A, 50 Hz
Abmessungen: 150 mm (B) x 86 mm (H) x 140 mm (L)
ErP konform

80+ BRONZE efficiency at 230 V
85% at efficiency (at 50% load)
12 cm sleeve bearing fan
Honey comb structure with the best ventilation
Dual +12 V output rails
PCI-Express power connectors
Patented easy swap connector
24 pin cable with nylon sleeve
Extra long cables provide easy installation in different housing
AC Input: 230 Vrms, 6.3 A, 50 Hz
Dimension: 150 mm (W) x 86 mm (H) x 140 mm (L)
ErP compliance

PA0089

700W

80+ Bronze **PC-Netzteil/Power Supply**

80+ BRONZE Effizienz, 230 V
85% Wirkungsgrad bei 50% Last
13,5 cm Lüfter mit Gleitlager
Wabenstruktur für beste Belüftung
Single +12 V Rail System
PCI-Express-Stromanschlüsse
Patentierter Easy-Swap-Anschluss
Alle Kabel mit Nylonummantelung
Extra lange Kabel für den einfachen Einbau in unterschied. Gehäusen
AC-Eingang: 230 Vrms, 6,3 A, 50 Hz
Abmessungen: 150 mm (B) x 86 mm (H) x 160 mm (L)
ErP konform

80+ BRONZE efficiency at 230V
85% at efficiency (at 50% load)
13.5 cm sleeve bearing fan
Honey comb structure with the best ventilation
Single +12 V output rail
PCI-Express power connectors
Patented easy swap connector
All cables with nylon sleeve
Extra long cables provide easy installation in different housing
AC Input: 230 Vrms, 6.3 A, 50 Hz

ErP compliance

PA0090

750W

80+ Gold **PC-Netzteil/Power Supply**

80+ Gold zertifiziert
Geräuscharmer 13,5 cm Lüfter
Intelligente Lüftersteuerung
Single +12 V Rail System
Zuverlässige in Japan hergestellte Festkörperkondensatoren
Patentierter Easy-Swap-Anschluss
Leicht organisierbare flache modulare Kabel
Alle Kabel mit Nylonummantelung
Extra lange Kabel für den einfachen Einbau in unterschied. Gehäusen
AC-Eingang: 110-230 V, 10 A, 50-60 Hz
Abmessungen: 150 mm (B) x 86 mm (H) x 160 mm (L)
ErP Konform

80+ Gold certification
Silent running 13.5 cm fan
Smart Fan Control design
Single +12 V output rail
Reliable Japanese-made solid-state capacitors
Patented easy swap connector
Easily organized flat modular cables
All cables with nylon sleeve
Extra long cables provide easy installation in different housing
AC Input: 110-230 V, 10 A, 50-60 Hz
Dimension: 150 mm (W) x 86 mm (H) x 160 mm (L)
ErP compliance
